Training & Consulting Clients:

“Jake is the only Leadership Development Institute speaker we’ve had to earn a perfect 5.0 rating from all our members; and we’ve had over 60 presenters at 19 LDIs over the past 5 years.”

-David Crouch, Chief Learning Officer, Blue Ridge Healthcare

“Jake did a great job with the New Ambassador Training. I really enjoyed the 2 days and can see how this team building effort is an effective tool for hospitals. It makes sense to do whatever it takes to get employees loyal to the organization, accept “ownership” of problems, and feel empowered to “make a difference”. I admit that I was very skeptical of the Disney connection, but feel that your company has made a good transition between the concept of “good show” at a vacation spot and a hospital.”

- Janis Sloane, National Rehabilitation Hospital, Washington, DC

“Jake and his team exceeded my expectations seven-fold.”

- Warner Thomas, Chief Executive Officer, Ochsner Healthcare System

“Had we, as an institution, never found Jake Poore and his associates, we would not have prospered as we have. Our New Value Framework has brought out an environment that now produces significant collaboration, satisfaction and long-term loyalty.”
